objective

An entry-level Graphic Design position with a focus on print or web design.

skills

Developing artwork and copy for print design.

Graphic editing (optimizing, color correction, masking, cropping, sizing, converting, and preparing images for print).

Creating, designing, and posting web content.

Experience in corporate identity including creating logos, stationary, and other print items for promotional purposes.

Publication design including typography and page layout.

Able to conceptualize, research, design, and carry out a project from start to finish.

related skills

Drawing and illustration, mixed media and photo collage, painting, digital photography, excellent writing and proofreading skills.

software

Adobe Creative Suite 4:

Photoshop, Illustrator, InDesign, Acrobat, Dreamweaver, and Flash.
iMovie, iPhoto, QuickTime, GarageBand

Microsoft Word, PowerPoint, and Excel. Typing speed: 90 WPM.

Platforms: Mac OSX, Windows XP.

experience

Created a prize-winning poster and program for MHCC's Winter 2009 theater production of Guys and Dolls.

Worked in design teams to help create several posters and other print materials for the MHCC Student Activities Board events.

Created a cohesive campaign for a cocoa company that included research and concept development, logo design, packaging design, and creating a book with information concerning the products and the company.

Designed Rose Valley Elementary School's first web site in Dreamweaver, which included taking photos for the web site, developing content and copy, and designing graphics and layout.
